

Engine Oil

PETRONAS Mach 5 NGV 15W-40

Range: PETRONAS Others

Long description: '- Prevents valve torching and recession

- Enables extended drain intervals due to lower oil contamination
- Provides superior cleanliness and wear protection
- Provides superior oil oxidation and nitration protection
- Prevents spark plug fouling and prolongs its life
- Low maintenance costs
- Provides superior fuel economy benefits throughout the service interval
- Prolongs engine life and maintains engine power and performance

Viscosity: 15W-40

Industry Specifications: API CF-4

Application(s) - For Consumers pages: Light-duty Commercial Vehicle (LCV), Passenger car
