

Engine Oil

PETRONAS Syntium 3000 E Diesel 5W-30

Range: PETRONAS Syntium 3000

Long description:

- Exceptional high temperature oxidation control, ensuring protective lubrication to engine parts to maintain optimum engine performance.
- Exceptional high temperature engine deposits control to improve drivability and maintain power.
- Exceptional control in high temperature lubricant evaporation loss to stop premature thermal degradation to help making engine more durable.
- Enhance fuel economy.
- Longer drain capability.
- Instant start-up lubrication.
- Protects emissions control system.

Viscosity: 5W-30

Industry Specifications: ACEA A3/B4-16

OEM Performance - Only for Automotive: ACEA A3/B4-16

Application(s) - For Consumers pages: Light-duty Commercial Vehicle (LCV)
